Presenting your Audition Video

It is in your best interests to provide the panel with the highest possible quality, both in regards to your playing, as well as in regards to the technical side of your recording. YouTube or Vimeo are our preferred web-based video sharing platforms.

Some tips when preparing to record your audition video.

- Use a room with a **good acoustic**. It is preferable if the same room (acoustic) is used for both the set repertoire and the excerpts.
- We recommend recording with a **separate microphone** and with **high-definition video** in 720pHD at 30fps or 1080pHD at 30fps or 60fps.
- **Experiment** with microphone placement. **Listen back** with a good pair of headphones. You are the best judge – if you are happy with the sound quality, then chances are we will be.
- Consider how your video is presented **visually**. Ensure your camera is stable when recording – use a tripod. Ensure that you are not too far back in the screen shot. Clear the area that is in the screen shot of clutter, such as instrument cases and other miscellaneous items.

What happens next?

Your audition video links will be forwarded to the panel to shortlist for the second round auditions. The audition panel is made up of SSO musicians from the applicable section as well as selected musicians from across the orchestra who will sit across all live auditions.

Results will be communicated to applicants on Friday 26 May 2023. If you are successful in advancing to the second round, you will be required to travel to Sydney for a live audition on Saturday 10 June 2023.
